# J. K. Steel Strips LLP

<https://www.jksteelcorp.com/>

We are widely acknowledged for the manufacturing, exporting and supplying a quality approved collection of Industrial Steel Products.

## About Us

Established in the year of **1987**, we "**J. K. Steel Corporation**" are overwhelmed among the esteemed companies of the industry actively occupied in **manufacturing, exporting and supplying** a far-flung collection of **Industrial Steel Products**. Offered assemblage of products consists of **Hot Dip Galvanize Steel, Cold Rolled Steel - CRCA and Stainless Steel Strips**. These products are widely acclaimed in the market for excellent functionality, specific controls system, and high load bearing capacity with maintenance-free possibilities. To produce these products in full compliance with the set production standards, our experts consider only premium grade raw material provided by the trusted and authenticated suppliers of the industry.

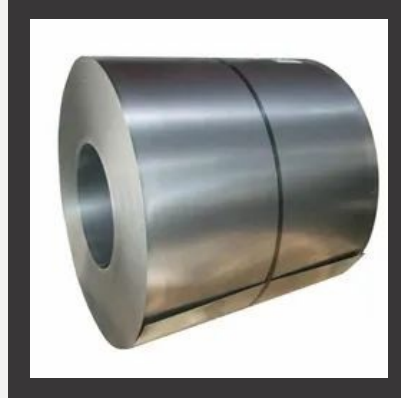

We are a consumer-focused company in this domain including cutting-edge infrastructure system. To please our customers in most efficient manner, we are giving these products in accordance to their particular conditions. We have financed all the modern technology based machines and tools needed for the fabrication of our offered products. We have appointed a team of adroit experts to build our business operations as per the contemporary industry norms and standards. Prior to their supply, all the fabricated products are transferred through the credible quality assurance inspections to assure that product is as per the accepted quality norms. We export our products to **UAE, Abu Dhabi, Australia, Amsterdam, Sri...**
